REMEMBER.

The Union Pacific is the easy route to lighter up Wyoming, and the shortest route to Los Angeles, Salt Lake City, San Francisco, Portland, Puget Sound, and all Pacific Coast cities.

The Union Pacific is the only line from the Missouri River to the Pacific Coast, and the shortest and easiest of four splendid routes.

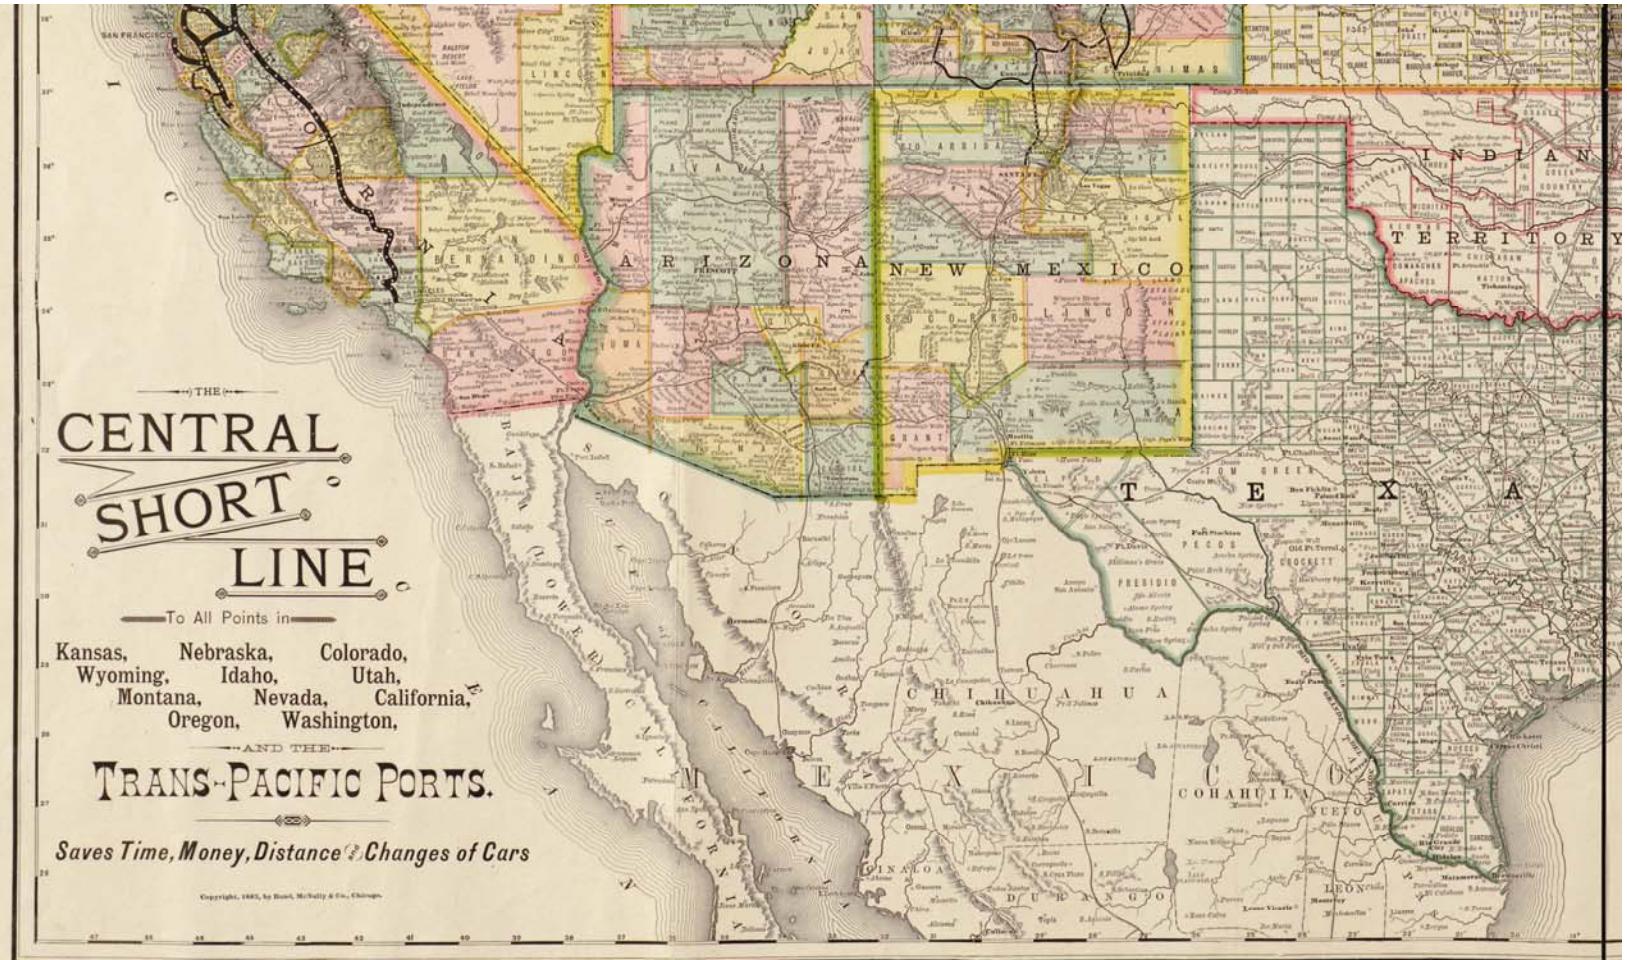

The Central Short Line connects the railroads, and traverses the great business and health centers of America, connecting them with the West.

The Union Pacific passes through the most interesting country in the world, and affords the traveler a delightful ride across the great prairies, over the rugged mountains, and down the deep gorges of the Colorado, Rio Grande, Arkansas, and other great rivers.

The Union Pacific has been continually improving its equipment, and is now second to none in the West, and is well known for reliability, and the work and skill done for winter.

IMPORTANT INFORMATION

The Union Pacific Railway Company issues large editions of their maps, which may be obtained free upon application. Applicants are requested to send a stamped envelope. The General Information and the General Map of the Union Pacific Railway, will do well to send to the General Passenger Agent, or to the General Freight Agent, or to every traveler. The map folder contains this map upon its cover.

THE CENTRAL SHORT LINE

The Union Pacific is the oldest and best equipped route to all points in Kansas, Nebraska, Colorado, Utah, Wyoming, and the West Northwest. These farms are all of competition, the Union Pacific holds its position operated and the quickest route, and because it passes through the most promising portions of the West.
